

# 2v1 tip to 3v2

## Description

### Drill Purpose

- Wall retrievals and puck support
- Net-front traffic and point shots
- Transition into a full ice 3v2 rush

### Setup

- Wingers start at the blue line along the boards
- Center starts behind the net
- Defensemen at the blue line
- Coach with pucks on the wall

### Execution

- Winger retrieves rim/pass along the boards and passes to the D
- Center and winger drive the net for a tip/screen
- D goes D-D and takes a point shot with traffic
- On the shot, second winger retrieves a puck on the opposite wall
- Center curls and joins both wingers

### Transition

- Three forwards attack down ice on a full ice 3v2
- Focus on exit pass, neutral zone pass, and attack structure
- When the first group finishes, they stay in that end. The second group starts from where the first group began, and the rotation continues until all three groups have completed the drill.

### Key Points

- Quick puck retrievals on the wall
- Net-front movement for tips/screens

- Clean passes through the neutral zone
- Puck carrier wide, one drive net, F3 high support
