

3vs3 Royal Road Cross Ice Game

Description

- Place two nets cross-ice in the offensive zone
- Draw a line between the nets to create the royal road
- Spot a puck and play 3-on-3 in the zone
- A standard goal counts for one point
- A goal scored immediately after a pass across the royal road counts for two points
- A goal scored immediately after a backhand play counts for three points
- Play for a set time or to a predetermined score

Key Points

- Communicate! Tell your teammates where you are
- Use deception to create passing lanes
- Jump into space - play hard off the puck
- Keep feet moving to improve support and spacing
- Focus on creating quality scoring chances rather than simply generating shots
